I was diagnosed with spine TB(tuberculosis), there was lesion in my c3 area of neck, and even after TB treatment for one year , there was no improvement in my neck pain and MRI showed no improvement. Then doctors recommended me the operation. And neck is critical region for the surgeries, so there was some risk. Then came Dr. Sachin Jadhav, he was confident that I will be fine within a month. And yes, he was so right. After his medication, within a month, my pain started reducing and MRI also showed significant improvement in my disease. So all this magic was because of Dr. Sachin Jadhav, he is magician. 1. He always gives you ample time for your foolish queries also, and he is very patient and calm. 2. Even his medication is way cheaper than other homeopathic doctors. 3. He himself follows up with you to be sure you are on right track. Really, who does that? He is great. I feel he is the real healer and perfectionist, who cares for you, and not run after money. It gives him immense pleasure to see his patient has recovered.

Hi, I am 31 year old software engineer. Still in this small age (relatively) I got high blood pressure. Initially I took allopathy treatment which gave me temporary relief. I took medicine like Stamlo, losar etc... which kept my bp under control but did not helped to reduce it. And importantly no one from the allopathic field gave me the confidence that I can get rid of these medicines for my entire life. But when I meet Sachin Jadhav sir and start taking homeopathic treatment for last 6 months, my BP is in control and start to reduce as well. I am still taking the allopathic medicine in parallel but of small power. Sachin sir has given me the confidence that one day you wont need these low power allopathic medicine as well. He suggested me to join a gym, which also helped me a lot. Thank you Sachin Jadhav sir.

Doctor is amazing, he has answers for my every problem. He cured my Tonsils problem, kidney stone, foot corn, hair fall and specially stomach ulcer problem without side effect. I don't know how homeopathy is doing this with small sweet tabs but it is effecting. So thank you doctor for your valuable time and I suggest to all people please try homeopathy before going for allopathy.
